Subject: D.C. Convention Center Site

Colby,

The D.C. Convention Center Site is your first site. I've asked Steve to help you through it, since you're both involved in D.C. affairs. There is a piece of R.A. controlled correspondence that needs a reply. The situation is one of allegations of dumping contaminated soil as construction fill. Please prepare an incident report based on the incoming correspondence. Good luck Cadet.

Charlie
